Please visit this website for early registration & details about joining the session

Streamed live - <http://tiny.cc/CAyoutube>

For Whom:

Volunteers from CSOs, FBOs, CBOs, Corporations, Red Cross, Civil Defence, NCC, NSS, NYK, student groups and individuals willing to support local level authorities to deliver health and social protection services to address direct and secondary impact of COVID-19

SCIENCE – STIGMA – SOLIDARITY DURING THE COVID-19 EPIDEMIC

The session will discuss the value of promoting science, dispelling stigma, and ensuring solidarity to counter COVID-19. The volunteers will be able to understand how to address issues around stigma and discrimination in communities

Course Schedule

1100-1105: Introduction to the course and facilitator

1105-1150: Technical Session by Dr. Vivek Virendra Singh

1150-1200: Q/A Session

Resource Person – Dr. Vivek Virendra Singh, UNICEF

Dr. Vivek Virendra Singh has 20 years of global experience working with public health department; academia; WHO for polio eradication; and with UNICEF. He has worked in public health emergencies and strengthening early warning and response systems globally. Editor of a book [Transforming Public Health Surveillance](#) and co-teaches a course by same topic as an adjunct faculty at Emory University
